A family affair! ATC Aviation is amongst the fastest growing most dynamic GSSAs on the planet and Ingo Zimmer ATC CEO (center back row) wants the world to know that it is “all about our people.”

“We also thank our partners, the expanding roster of airlines we represent from around the world.

“Their faith and trust in our brand is sent back every day in the care and action that we take on their behalf.

“We never forget how important you are,” Ingo pledges.

Despite the hectic non-stop pace of Air Cargo Europe this week, ATC managers and staff took time out to send a collective smile to the world.
